

Réunion sur les soins après avortement et la planification familiale (SAA/PF) en Afrique occidentale francophone

Rwanda Road Map

Dr Solange Hakiba, USAID

Dr Laurien Nyabienda, ARBEF

Francine Mukamanzi, RFHP

Dr James Ssenfuka, UNFPA

Daphrose Nyirasafali, UNFPA

PAC's stakeholders:

**USAID (RFHP, JHPIEGO/MCHIP) UNFPA,
UNICEF, WHO, VSI, ARBEF, RPRPD, RALGA,
PMC, ORINFOR**

Performance goal # 1.

Raise awareness to MoH regarding PAC recommendations

- **Gap:** MoH not able to participate in PAC workshop in Senegal
- **Suggestions to fill the gap:** Conduct a debrief meeting to MoH
- **Responsible:** Country Team in PAC meeting
- **Timeline:** Before the end of October 2013

Performance goal # II.

Policy/Norms/Protocols

- **Gap:** Road Map, Standards, protocols and training manuals still in draft form
- **Suggestions to fill the gaps:** The MCH Technical Working Group to advocate for signature/endorsement by the Minister of health
- **Responsible:** The Director of MCH in MoH & the Country Team in PAC meeting
- **Timeline: From October-December 2013**

Performance goal # III.

Pre-service Training

- **Gap:** PAC is not included in the midwives curricula; medical doctors curriculum
- **Suggestions to fill the gaps:** Advocacy to integrate PAC in midwives and medical doctors curricula and to train students using anatomic model
- **Responsible:** Country Team in PAC meeting & the Director of MCH in MoH & Ministry of Education
- **Timeline:** From October-December 2013

Performance goal # IV.

Supply of Quality PAC Comprehensive Services

- **Gaps:**
 - ✓ PAC is only in 8/30 districts
 - ✓ Counseling is weak: only 54% of PAC women leave with FP methods
 - ✓ High turnover of trained staff
- **Suggestions to fill the gaps:**
 - ✓ Develop a plan to scale up PAC gradually in all districts
 - ✓ Train at least 2 health providers by HF
 - ✓ Procurement of MVA kits and Misoprostol
 - ✓ Supportive supervision
 - ✓ Reinforce the counseling and integration of PAC and FP
 - ✓ On the job training approach
 - ✓ Advocate for motivation of Health Providers (Include PAC in PBF indicators)
- **Responsible:** MoH, UNFPA, USAID, RFHP, VSI
- **Timeline:** 2013-2015

Performance goal # V.

Demand/Community mobilization

- **Gaps:**
 - ✓ Not all people are aware of PAC services
- **Suggestions to fill the gaps:**
 - ✓ Organize meetings with various groups including young people
 - ✓ Disseminate BCC materials using various channels (radio & TV/talk show, spots, news paper, community work/umuganda, brochures, leaflet)
 - ✓ Orient CHWs on PAC and involve them in sensitization and referral
 - ✓ Male involvement, key population
- **Responsible:** MoH, UNFPA, USAID, VSI, RFHP, RALGA, RPRPD, ORINFOR, PMC
- **Timeline:** Continuous

Performance goal # VI.

Reproductive Health Commodity Security

- **Gaps:** NA
- **Suggestions :**
 - ✓ Maintain the momentum to prevent stock-out
 - ✓ Refresher training for pharmacy managers
 - ✓ Increase the Government pledge
- **Responsible:** MoH, UNFPA, USAID, VSI, JSI/DELIVER, Global Fund, DFID
- **Timeline:** Continuous

Performance goal # VII.

Researches and good practices sharing, south-south cooperation

- **Gaps:**
 - ✓ Limited operational and qualitative researches on unmet needs
 - ✓ Limited documentation and sharing of good practices
- **Suggestions to fill the gaps:**
 - ✓ Perform researches
 - ✓ Document and share best practices
 - ✓ Organize study tours
- **Responsible:** MoH, UNFPA, USAID, VSI, JSI/DELIVER, Global Fund, DFID
